## COUNCIL COMMUNICATION

**AGENDA TITLE:** Approve Measure K Construction Cooperative Agreement #1 for Lower Sacramento Road Widening, Turner Road to Kettleman Lane

**MEETING DATE:** July 21, 1999

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council adopt the attached resolution authorizing the City Manager to execute the Construction Cooperative Agreement between San Joaquin Council of Governments (SJCOG) and City of Lodi for the Lower Sacramento Road Widening, Turner Road to Kettleman Lane Project.

**BACKGROUND INFORMATION:** The Cooperative Agreement is between the City and SJCOG for funding the construction of the street improvements on Lower Sacramento Road, from Kettleman Lane to south of Taylor Road, and the improvements to the WID canal culvert on Lower Sacramento Road, south of Lodi Avenue.

These projects will be constructed prior to the entire widening project on Lower Sacramento Road from Kettleman Lane to Turner Road. The street improvements at Kettleman Lane will be constructed with the development of the shopping center located at the northeast corner of the Lower Sacramento Road and Kettleman Lane intersection. This project consists of modifying the signalized intersection at Kettleman Lane and installing a raised median from Kettleman Lane to Taylor Road. Construction of this project is anticipated to begin in August 1999. The landscaping of the median will be included with the entire Lower Sacramento Road Widening Project. A portion of this work is eligible for Measure K funds which this agreement will provide.

The construction for the culvert improvements needs to be completed when the canal is empty, between December and March. This agreement will provide for that construction in the winter of 1999/2000. Staff will be requesting City Council approval of the final plans and specifications in fall 1999, prior to advertising for construction of the culvert improvements. SJCOG has already approved the agreement.

**FUNDING:** Funding to be Measure K funds (approximately \$1,112,800) allocated by SJCOG. Total Measure K allocation is \$ 1,883,000, and approximately \$290,000 was used for design and environmental documentation.
